SPALDING FALL CATALOGUE, 1917

THE SPALDING TRADE-MARK IS REGISTERED IN THE UNITED STATES PATENT OFFICE, AND WE HAVE ALSO PROTECTED OUR INTERESTS BY THIRTY-NINE REGISTRATIONS IN FOREIGN COUNTRIES. INFRINGERS ARE WARNED

THE SPALDING POLICY

THE SPALDING GUARANTEE

DIRECT FROM FACTORY TO CONSUMER THROUGH
THE MEDIUM OF THE RETAIL DEALER

SPALDING ATHLETIC GOODS are on sale in stores located in practically every town of any size in the United States, and at our various stores. (See inside front cover). We prefer that consumers patronize their local dealers, but we will furnish our goods direct to consumers where they cannot be obtained or will not be furnished by the local dealer under the conditions named below.

PRICES ON SPALDING TRADE-MARKED GOODS are based entirely upon the cost of manufacture, with a reasonable manufacturer's profit, and a reasonable profit to the retail dealer added. Sales are made at catalogue prices, except that for special orders by express or distant points, the retail dealer is justified in asking a reasonable amount in excess of our catalogue prices to cover express and other charges.

WE GUARANTEE TO EACH PURCHASER of an article bearing the SPALDING TRADE-MARK that such article will give satisfaction and a reasonable amount of service when used for the purpose for which it was intended and under ordinary conditions and fair treatment.

WE AGREE to repair or replace, free of charge, any such article which proves defective in material or workmanship where subjected to fair treatment: PROVIDED, such defective article is returned to us, transportation prepaid, within thirty days after purchase (except where otherwise stipulated on special guarantee tag attached to certain articles) and accompanied by a letter from the user giving his name and address, and explaining the claim.

THIS IS THE SPALDING CATALOGUE OF EQUIPMENT FOR FALL ATHLETIC SPORTS—FOOT BALL, BASKET BALL, VOLLEY BALL, TRACK AND FIELD ATHLETICS, LACROSSE, FIELD HOCKEY, INDOOR BASE BALL, ETC. COMPLETE INDEX WILL BE FOUND ON NEXT PAGE, ALSO LIST OF ALL SPALDING CATALOGUES, COPIES OF WHICH MAY BE HAD FREE UPON REQUEST TO ANY A. G. SPALDING & BROS. STORE—SEE ADDRESSES ON INSIDE COVER PAGE OPPOSITE.

THE CONTENTS OF THIS CATALOGUE ARE PROTECTED BY COPYRIGHT, AND CUTS, ETC., MUST NOT BE USED WITHOUT PERMISSION OF A. G. SPALDING & BROS.

TO OUR CONSUMER FRIENDS

May we ask your consideration of the dealers who handle Spalding Athletic Goods? They are the cream of the business—the most reliable and progressive, the fairest minded and most upright. When you see the Spalding Trade Mark displayed by a dealer, you may feel perfectly confident that in dealing with him you are going to be satisfied, because in taking up the sale of the Spalding line he, at the same time, subscribes to the doctrine of positive satisfaction to the customer—the keynote of the whole Spalding selling policy.

Favor the Spalding dealer because when you purchase athletic goods you expect to use them for more than a moment and as you take up athletics for your pleasure and physical benefit, you want to assure yourself the equipment you use is right in every particular that makes for good service and the correct athletic need. The Spalding dealer will give you good advice about your athletic outfit; he will help you out when you need something special, and best of all, he will see that you get the best athletic equipment made, and at fair prices.

The Official Intercollegiate Foot Ball

Patented September 12, 1911

This is the Only Official College Foot Ball, and is used in every important match played in this country. *Guaranteed absolutely if seal of box is unbroken.* Each ball complete in sealed box, including leather case, guaranteed pure Para rubber bladder (not compounded), lacing needle and rawhide lace.

No. J5. Each, \$6.00

No. J5

WE GUARANTEE every No. J5 Spalding Foot Ball to be perfect in material and workmanship and correct in shape and size when inspected at our factory. If any defect is discovered during the first game in which it is used, or during the first day's practice use, and if returned at once, we will replace same under this guarantee. We do not guarantee against ordinary wear nor against defect in shape or size that is

not discovered immediately after the first day's use. Owing to the superb quality of every Spalding Foot Ball, our customers have grown to expect a season's use of one ball, and at times make unreasonable claims under our guarantee which we will not allow.

HOW TO LAY OUT A FOOT BALL FIELD

The following diagram and rules for laying out a foot ball field are reproduced from Spalding's Official Foot Ball Guide and will be found useful to men in the various training camps who may not have a copy of the Guide handy.

The Field of Play is a Parallelogram bounded by the side lines and goal lines and thus measuring 360 feet by 160 feet.

Section 1. Field—The game shall be played upon a rectangular field, 360 feet in length and 160 feet in width. The lines at the ends of the field shall be termed *End Lines*. Those at the sides shall be termed *Side Lines* and shall extend indefinitely beyond their points of intersection with the goal lines. The *Goal Lines* shall be established in the field of play ten yards from and parallel to the end lines. The space bounded by the goal lines and the side lines shall be termed the *Field of Play*. The spaces bounded by the goal lines, the end lines and the side lines shall be termed the *End Zones*.

Section 2. These lines shall be marked in white. The Field of Play shall be marked at intervals of five yards with white lines parallel to the goal lines.

NOTE—Previous to the beginning of play, the Referee shall see that the field is properly marked.

Section 3. The goal posts shall be placed in the middle of each goal line, shall exceed 20 feet in height and be placed 18 feet 6 inches apart, with a horizontal cross-bar 10 feet from the ground.

The Spalding Improved Ankle Supporter

(Patented July 14, 1908. No. 892,064.)

Improved on original Hackey patent, of which A. G. Spalding & Bros. were the sole licensees. The patent on this supporter refers particularly to the seamless back, as we make it in all qualities with a molded back, requiring no seam. Worn over or under stocking and supports the ankle admirably, while not interfering in any way with free movements. Relieve pain immediately and cure a sprain in a remarkably short time. In ordering, give size of shoe worn.

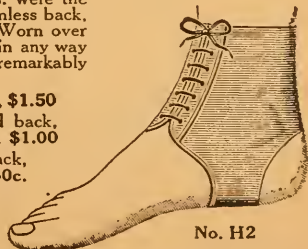

No. H2. Good quality tan leather, no seam in back. Pair, \$1.50

No. B. Heavy weight, but lighter than No. A. Identical otherwise. **8.00** ★ *86.40*

SHAKER KNIT ROLL COLLAR SWEATER

No. 3. Good quality all wool sweater. Shaker knit, well made throughout. Sizes 30 to 46 inches. Standard weight, lighter than No. B. Roll collar. Carried in stock in Gray, Navy, Black, and Maroon. No special orders. Each, **\$5.00** ★ *\$54.00 doz.*

SPECIAL ORDERS--We also supply these sweaters (except No. 3) in any other color, on special order, at no extra charge. N. B.--Three shades are sometimes called RED. They are Scarlet, Cardinal, Maroon. Where Red is specified on order, we supply Cardinal.

SPECIAL NOTICE--Solid color sweaters, (except No. 3) with one color body and another color (not striped) collar and cuffs furnished in any of the colors noted, on special order, at no extra charge.

STOCK SIZES--28 to 46 inches chest. We allow four inches for stretch in all our sweaters, and sizes are marked accordingly. It is suggested, however, that for very heavy men, a size about two inches larger than coat measurement be ordered to insure a comfortable fit.

STOCK COLORS--All sweaters listed on this page (except No. 3) are carried in stock in Gray, White, Navy, Maroon, and Cardinal.

Prices printed in italics opposite items marked with ★ will be quoted only on orders for one-half dozen or more at one time. Quantity prices NOT allowed on items NOT marked with ★

To obtain the best results from the use of Spalding Hand Ball Gloves and especially the patented No. B style, partially close the hand, so the fingers are at right angles to the palm; by this action the palm of the glove is pressed against the palm of the hand, pushing out any air that might be between the glove and the hand; smoothing out the flesh of the hand, which gives a striking surface without the "cushion" effect, a detriment to really fast and correct hand ball play.

SPALDING "OFFICIAL OLYMPIC" ATHLETIC IMPLEMENTS

A. G. SPALDING & BROS. have been authorized officially to use this stamp on Spalding athletic implements made in accordance with International Amateur Athletic Federation specifications. Implements to be recognized as official, for use in any future Olympic Games, must bear the official I. A. A. F. stamp as shown. Spalding implements are not only officially recognized by the governing athletic bodies of the whole world, but the adoption of "actual use" by every athlete of any prominence in either club, college or school competition, is accorded them because of superiority of construction over the implements made by any other concern.

Made in exact accordance with official specifications.
No. 153. Spalding "Official Olympic" Javelin. Ea., \$3.00
SPECIAL NOTICE—Specifications in the Official Rules covering Javelin throwing are such that in complying with them the Javelin is necessarily quite frail; hence, if it is not thrown with the proper degree of skill it is easily broken and this through no fault of material or workmanship. We are unable, therefore, to guarantee Javelins against breakage while in use. We guarantee only against defective material or workmanship, and in 95 cases out of 100 where a Javelin shaft is broken we have found it was the result of faulty manipulation or awkwardness on the part of the performer.

GOLF CLUBS

THE GAME OF INDOOR GOLF

Indoor Golf is the best possible substitute for the real game that can be found. It is played with the same clubs and balls as used out of doors. The shots are played with the same amount of strength, and a player is thus able, by keeping in practice all the year around, to improve his or her game. The No. 1 and No. 2 Indoor Nets (see diagrams) show the distances to be made with each club in each pocket.

You can take the score card of any course and, by changing the last figure to a 5 or an 0 to conform with the figures on the net, will make it possible to reach the green in one, two, or three shots. The distances count to the edge of the green. For instance, the first hole is 475 yards long. We will say that on your first shot with a driver you strike in the center pocket, this gives you 200 yards for your first stroke. Your next stroke will be played with a brassie and, if you hit this ball into

the top net, you are given 100 yards for this stroke. You now have 175 yards to the edge of the green and you have several different places to play for. Your choice would probably be a cleek in the top center pocket and, if this is made, you are now on the edge of the green, and placing your ball on the 15 foot mark you putt for a four.

Patented Sept. 6, 1910

Hole No. 2 is 354 yards in length; your first shot strikes in the left center pocket, or 180 yards in one stroke. This leaves you 155 yards to go, and in your attempt to play a mid iron in the top center pocket, the ball strikes the top left hand pocket, giving you a total of 325 yards. It is now necessary to play a mashie shot into the pockets marked 4 feet, 9 feet and 15 feet putt, to determine how far from the hole you stand to putt. The No. 2 Indoor Net is played the same as the No. 1, except that you play the mashie to determine how far you stand away to putt within 60 yards instead of 120, as on the No. 1 net.

mashie, the shot is allowed, providing the ball hits an approaching pocket. It is not necessary for the ball to stay in the pocket wherever it strikes to count. If the ball strikes near a seam, and any doubt arises as to which pocket the ball hits, pocket of highest value counts.

INSTRUCTIONS FOR ERECTION OF INDOOR GOLF NETS

First, hang the back driving canvas by ropes from the ceiling, leaving about three inches lying on the floor. There should be at least one and one-half feet between the driving canvas and the back wall, and at least two feet away from the side walls; if there is more than one net, they should be two or three feet apart. The side and top nets are then hooked to the back driving canvas and attached to the ceiling. Leave about a foot of these nets lying on the floor so that there is plenty of slack to stop a rebound of the ball. The rubber mat should be nailed on a board and then nailed to the floor about twenty-three feet from the back driving net. The cocoa mat can be used on either side for left or right hand players. Do not attach the cocoa mat to the floor. Lay Putting Carpet on the floor, tack it down, and cut a hole in the floor about three feet from the end nearest the net. Make a mixture of sand and oil, seeing that the sand is thoroughly dry. Cover the putting carpet with this mixture and it will make the best possible putting.

DUMB BELLS

SPALDING SPRING GRIP DUMB BELLS

Manufactured by A. G. Spalding & Bros.

These dumb bells are made in two halves connected by steel springs—as specified in the Sandow patent, which expired August 8, 1916—the effort necessary in gripping, making it necessary to continually devote the whole mind to each movement. This concentration of will power on each muscle involved is what is responsible for the great results obtained through properly exercising with them.

SPALDING CHEST WEIGHT MACHINES

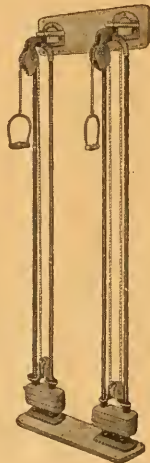

The movements for which these machines were specially designed are calculated to correct defects incident to school and office work, correct flat chest, round shoulders, forward head, regulate digestion and assist nature in the elimination of the waste products of the system, and in conjunction with the bath to produce that buoyant feeling which makes life really worth living. To get best results enter into the exercises as described and illustrated in "Pulley Weight Exercises." Spalding Athletic Library, No. 22R, price 25 cents, with your whole being, so as to induce copious perspiration.

No. 2

Spalding Chest Weight No. 2

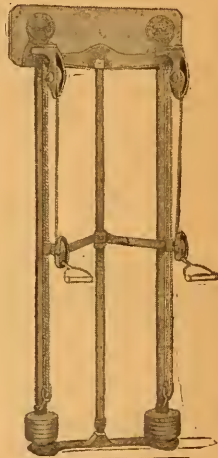

No. 2. A good machine for home use; noiseless and durable. Well made and easy running. Rods are 3/8-inch coppered spring steel. Weights are 5-lb. iron dumb bells, one to each carriage, and may be removed and used as dumb bells. Wall and floor boards are hard wood, nicely finished and stained. All castings heavily japanned. Every part of machine guaranteed free of defect. Each, \$6.00

No. 12

Spalding Chest Weight No. 12

No. 12. Especially designed for home exercise. High grade in every particular. Cast iron parts are all nicely japanned. The wheels are iron, turned true on centers, and have hardened steel cone point bearings. Guide rods are spring steel, copper-plated. Weight carriage has removable felt bushings, noiseless and durable. Each handle is equipped with 10 pounds of weights. Each, \$12.00

No. 5

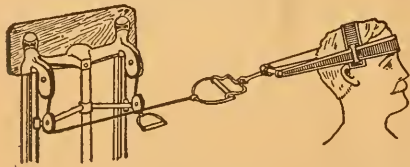

Spalding Chest Weight No. 5

No. 5. Because of its adjustment feature, which permits of all lower, as well as direct chest movements, this machine really combines two machines in one, and is particularly suitable where space is a consideration. The various changes are made by raising or lowering the center arm, requiring but a few seconds. Japan finish. Each machine is equipped with 16 pounds of weights. Each, \$15.00
Extra weights for above machine, 1 1/4 lbs.20

Rowing Attachment for No. 5 Chest Weight Shown on Page 47

SPALDING CHAIN BELT ROWING MACHINE No. 600

Suitable Alike for the Athlete or the Ordinary Man or Woman

No. 600. The ideal boat for home use and training purposes. Brings the exercise usually obtained on river or lake into the home or bedroom. Fitted with roller seat and adjustable shoes to fit either a tall or a short person. Thumb-nut arrangement controlling belt allows more or less friction to be thrown into the running parts, imitating the resistance which exists when forcing a row boat through the water. The resistance may be reduced for the weaker sex or increased to suit the strongest athlete. Oars are pivoted in such a way that operator can handle and turn them same as he would during the return and feathering motion with a boat oar. Floor space required, 6 x 5 feet. Each, \$30.00

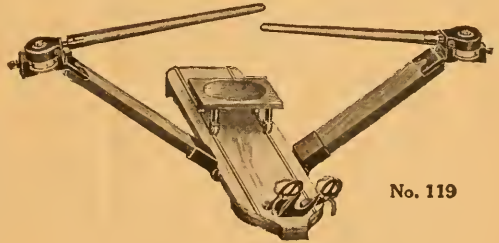

No. 600

Operated just like rowing a boat

SPALDING FRICTION ROWING MACHINE No. 119

No. 119. The means used to produce the resistance is a simple friction clutch, which takes instant hold at the commencement of the stroke and retains the pressure till its completion, when it instantly releases it, precisely as in a boat. Quickly taken apart without loosening any bolts or screws. Each machine is adjustable to any amount of friction or resistance. *Do not use oil on friction cylinder. If its action is not perfectly smooth a little clear soap rubbed on its surface will properly correct its action.* Floor space required, 4½ x 4½ feet. . Complete, \$20.00

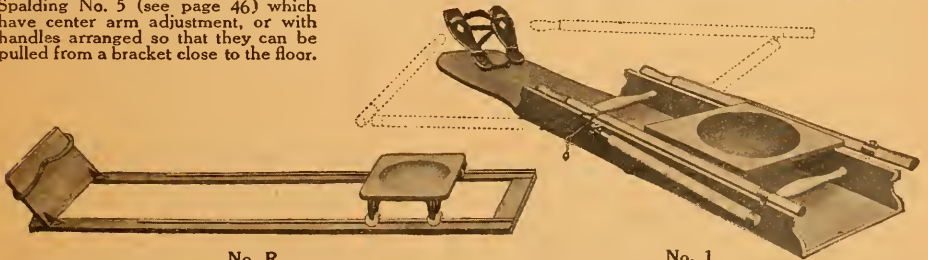

No. 119

SPALDING ROWING ATTACHMENTS

For use with No. 5 Chest Weight Machines

Particularly suitable for home use. Can be detached from the weight machine quickly and put away in a very small space until the next opportunity for use presents itself. To be used in connection only with chest weights, like Spalding No. 5 (see page 46) which have center arm adjustment, or with handles arranged so that they can be pulled from a bracket close to the floor.

No. R

No. 1

No. R. Designed to fill the demand for a low priced article of this kind, built along substantial lines. Gives entire satisfaction. Floor space required, 4½ feet x 12 inches. Complete, \$7.50

No. 1. This attachment, as will be noted, has out-riggers and arms similar to rowing machine, and offers a great variety of work when used in connection with chest weight. Floor space required, 4½ x 4½ feet. Complete, \$10.00

NOTE—These rowing attachments, Nos. 1 and R, can be used only in connection with the No. 5 Type of Chest Weight Machine with Center Bar, shown on Page 46 of this catalogue.

Spalding Adjustable Doorway Horizontal Bar

No. A. Bar of selected hickory, having steel tubular ends into which iron sockets screw, holding rubber cushions. The socket on one end contains a left-hand thread, on the other end a right-hand thread. By fitting the bar in the doorway and turning it with the hands the ends are made to expand, and the friction applied by the rubber against the sides of the doorway is sufficient to sustain the weight of a heavy man. This bar may be used for chinning exercises, being adjustable to any height, also for abdominal work. Size of doorway in which bar will be used must be stated when ordering, as the adjustment is not great enough to meet all requirements in one size bar. Each, \$5.00

This No. A Bar is supplied regularly to fit any doorway under 33 inches in width.

Bars to fit wider doorways. Extra, 50c.

Should not be used in doorways wider than 42 inches. If length more than 42 inches is required, it would be advisable to use a regular horizontal bar. Various styles listed below.

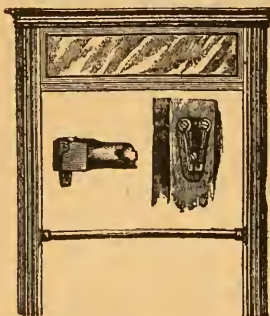

Spalding Doorway Horizontal Bar

No. 101. The keys fastened to each end of bar fit in the side sockets, which are secured to door jamb and hold the bar firmly in place. The parts are all malleable iron, very light, yet strong enough to sustain the heaviest man. The bar may be quickly removed when not in use leaving no projecting part. Complete, with parts. \$2.50

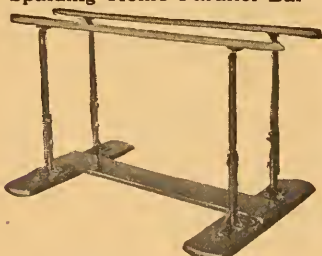

This No. 101 Bar is supplied regularly to fit any doorway under 37 inches. Bars to fit wider doorways, extra, 50c. Should not be used in doorways wider than 42 inches. If length more than 42 inches is required, it would be advisable to use a regular horizontal bar. Various styles listed below.

Extra sockets for doorway. Pair, 50c.

With two pairs of sockets bar may be used for either chinning or abdominal exercises.

Spalding Home Parallel Bar

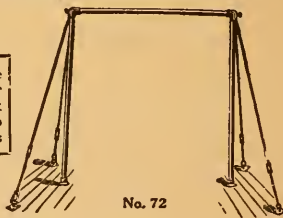

No. 101. Adjustable in height. Base is of hard wood, the uprights are iron and free from any dangerous projections or corners. Hand rails 8 feet long, regular, but may be furnished in any desired length at additional cost. Floor space required, 8 ft. by 4½ ft. Complete, \$35.00

No. 102. Similar to the No. 101 but not adjustable. Floor space required, 8 ft. by 4½ ft. Complete, \$25.00
